

REQUEST FOR FEEDBACK ON TARATAHI'S DRAFT STRATEGIC PLAN

The Taratahi Board and Senior Management Team have held workshops throughout 2010 reviewing and refreshing our strategy and direction and would like your input.

We have posted the two resulting draft versions of the strategy on our website for feedback and with the aim to workshop again with the team in early 2011 to develop and implement one plan.

Taratahi has its own Act of Parliament and in terms of oversight and governance report to the Minister of Agriculture. We recognise our national responsibility to ensure that all New Zealanders' have the chance to contribute to our most important industry and continue to make it a global leader. Our approach is driven by a desire to meet the need of the whole agricultural industry - the workers, managers, owners, investors and consumers.

After over 90 years of training activity we remain committed to meeting the needs of learners and the agricultural industry.

We appreciate your feedback.

Please send all feedback to
